Helios Multibay Victorian Greenhouses

2021/1 Prices include VAT

The Basic Price of a Helios Multibay includes:

- Aluminium frame manufactured from very strong 'box section' profiles
- Polyester Powder coated frame in Green or Black depending on your selection
- 4mm clear Toughened Glass
- Full length rubber glazing strips to securely fasten the glass
- Heavy Duty Double Sliding doors with door lock
- Louvre vents (68cm wide x 92cm)
- Large roof Vents (70cm wide x 78cm) with Spindle hand operated openers
- Decorative Finials and Ridge Crestings
- Stainless Steel Nuts and Bolts
- Full length aluminium rainwater downpipes
- Instruction manual and assembly DVD
- Delivery in kit form (by truck) for self assembly
- 13 Year warranty on the frame (against defects in manufacture)

Professional Construction service available countrywide.

The average cost for building this model is between 16% to 25% of the value of the Greenhouse with accessories (depending on width of panes of glass) and assumes you will have a flat and level concrete slab or strip foundation prepared in advance for it. Please contact us if you would like an accurate quotation.

Glazing

10mm twin wall polycarbonate glazing is available as an alternative to 4mm toughened glass. It is great for insulation and is virtually unbreakable, but not as aesthetic or wind resistant as toughened glass. The quality of twin wall polycarbonate we use is more expensive than 4mm toughened glass.

Other Accessories

The accessories on this price list are specific to Janssens Greenhouses, but we also have a wider range of accessories such as propagation, heating and irrigation equipment, please ask for our Glasshouse Accessories Brochure.
